## Newcastle city centre parking guide

## Off-street parking

There are 21 off-street parking stations in the Newcastle city centre and many of them offer all day parking for reasonable fees.

See map over page for locations and details.

## Free 15-minute on-street parking

**Did you know that you can park for 15 minutes free in Newcastle's city centre?**

If parking in a 1P, 2P or 4P ticketed and on-street car space, the ticket machine offers an option to choose a free 15-minute parking ticket.

Press the minus button to print your free 15-minute parking ticket, and make sure you display it on your vehicle dashboard.

## On-street parking

**Pay and display parking meters are located throughout the city centre.**

If you are parking on the street in a metered area, please check kerbside signs for hours of operation and prices.

Outside the times indicated on the signs, parking is free and unrestricted; however in some instances other parking conditions may apply. Please always check the information on the kerbside signs before you park your vehicle.

A vehicle displaying an MPS card with the Australian Disability Parking Permit can park in metered areas at no charge.

## Travel choices

Driving your car isn't the only way to get around Newcastle city centre. Why not rethink your journey and consider one of the alternative travel choices below?

### > Cycling

Take advantage of the on road and off road bike paths and the mostly flat terrain by riding to your destination in the city centre. Riding your bike is a more sustainable option than driving your car, and you will also be increasing your fitness!

### > Walking

Why not leave the car at home and walk to work? If you don't live within walking distance of the city centre, combine a walk with another travel choice such as public transport.

### > Car-pooling

Car-pooling is a great way to commute into the city centre. Share the responsibility of driving amongst your friends and colleagues, and decrease the parking and fuel you pay for each week.

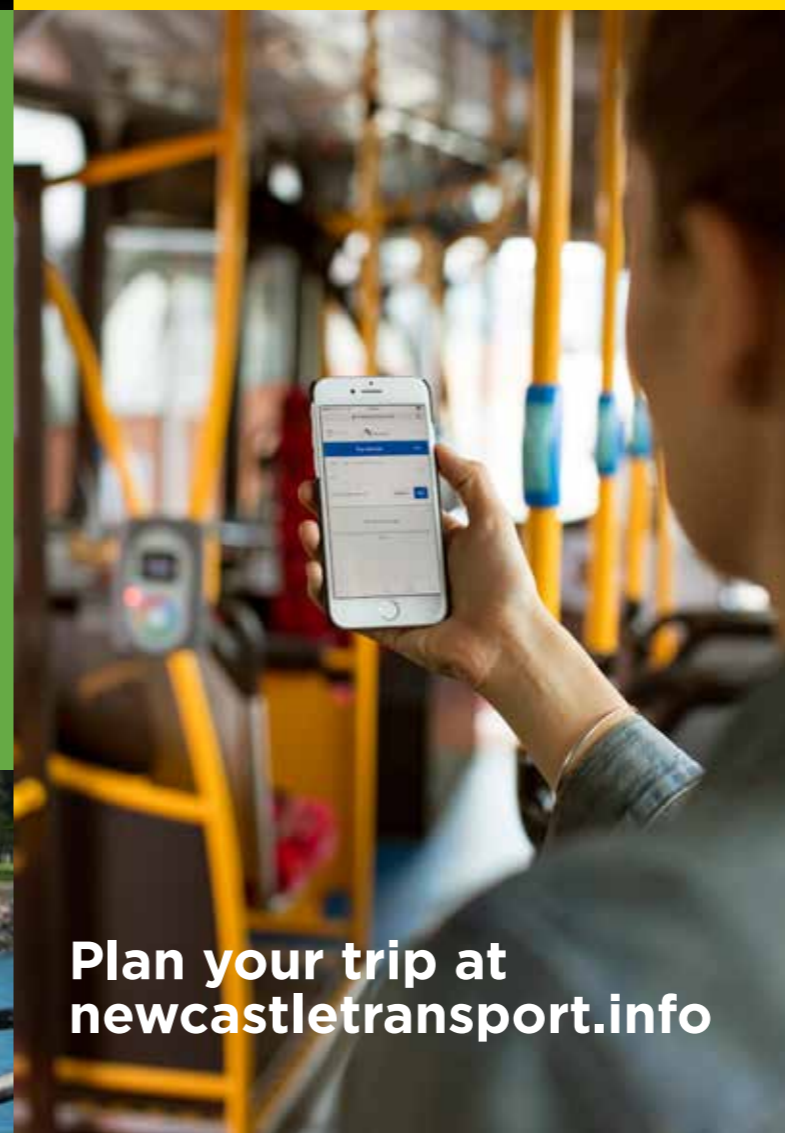

### > Public transport

There are good public transport links to the city centre from most suburbs.

Consider catching a bus into the city centre. If you don't have easy access to a bus stop from home, why not park just outside of the city centre and take advantage of the fare free bus zone which extends from Selma Street in the west, north to the Tree of Knowledge corner (Hannell Street Wickham) and east to Newcastle Beach and Nobbys Beach.

If you live on the other side of Stockton Bridge, consider parking at Stockton and catching the ferry to the city.

Alternatively, catch a train to Newcastle Interchange and choose a travel option from there - you could walk, cycle or catch a bus to your desired destination.
